

Your sponsors. Your slots. Your money.

Run the whole tournament from one page, and keep every dollar and every sponsor spot.

Zero platform fees

Registration fees and donations go straight to your Stripe account. FairwayOS never holds your funds and never takes a cut.

Every sponsor spot is yours

Sponsor logos show on the event page, the sponsor page, the live leaderboard, the results, and your player emails. We don't put our own logo in any of them.

Players score from their phones

Nothing to download and no login unless you want one. Scores go in as they play and the leaderboard updates live on the clubhouse TV.

The whole season, automated

Invitation, reminders, tee times, results the night of the event, thank-you and a 30 second survey the next morning, and a see you next year note 30 days later.

Sponsor packages built in

Set tiers and benefits, generate a branded sponsorship PDF to send prospects, and take inquiries on a public sponsor page.

PRICING

Starter \$79/mo or \$399/yr · Pro \$199/mo or \$1,199/yr · Enterprise \$499/mo or \$3,490/yr

Zero platform fees on every plan. Registration money goes to your own Stripe account. Stripe processing is the only cost, and it's Stripe's, not ours.

See it in eight minutes.

fairwaygolfos.com/demo

Starter covers one full shotgun field (144 players) and 200 registrations a year. Most charity tournaments fit on Starter.
